The News:

On January 7th at 1 p.m. the Callahans, Halls, Johnsons, Marshes, Owens, Rileys, Thrailkills, Wests, Erby Cheatham, and Dennis Maxwell met at Kendall's Restaurant in Noble, OK. A total of 18 members were present. We enjoyed a good meal including their famous cinnamon rolls for dessert. It was good to see everyone.

Jim Owens, Wagon Master, lead the meeting by telling us about:

Barry & Lu are in St. Petersburg, FL with family and having a good time.

John & Rhonda Clayton are in New Braunfels, TX at High Country RV Park for a month, maybe longer.

Boelte's probably will not be joining us; they are busy with their local RV group.

Doc & Susan's son's home, near McAlester, burnt to the ground while Matt, Mitzi, and Jake were in Texas. Doc & Susan are helping Matt and his family to get settled into a RV for temporary housing.

Linns were attending a funeral today.

Jim Owens led us in the blessing for our food. Thank you Jim for taking the lead over this meeting.

Ron and Shirley Griffin drove to Noble to join us for lunch, but Shirley's legs gave out in the entryway to Kendall's. She went down hard and was knocked out. She was transported to the hospital. After lunch, Gene and Karen went to the hospital ER to check on them. Shirley was treated for cuts on her forehead and under her

chin, as well as, the skin that peeled back on her wrist. She did not need stitches. Tests were run and her "numbers" were not too good, but they retested and everything looked better. Gene & Karen planned to get Ron something good to eat, but Ron had already eaten two cold hospital burgers. Shirley was in pretty good spirits, but ready to hit the road for home! Shirley was released shortly thereafter.
